

## **Treasure Hunt Room (Animals): Looking for “Treasures of Information” Using the Worldwide Web**

1. A moderator should be chosen who at least has a working microphone. If mic doesn't work right away, select a moderator who has a working mic.
2. Moderators can use a webcam as well.
3. Please only turn on webcams when students have something specific to say or show related to the topic.
4. Select your favorite animal species.
5. Look at the class website of resources to help with looking for a species.
6. Look for the following photos around the web for your species:
  - a) Male
  - b) Female
  - c) Baby
  - d) Habitat
  - e) Home (whether a hole in the ground, nest, depression in the earth, etc.)
  - f) Map of their Geographic Range
7. Find an interesting website about your species.
8. Look for a fun craft or activity about your animal.
9. Look for a video about your animal.
10. Post your “treasure” to the class blog to share with your classmates.
